Chile *Frutos frescos de palta (*Persea americana*) variedad Hass*
Resolución Exenta N° 7774/2021, que establece medida provisional para el cumplimiento del requisito de supervisiones en origen durante todo el proceso de exportación, en México, de la Resolución N° 4.634 de 2004, que norma requisitos fitosanitarios de ingreso de frutos frescos de palta (*Persea americana*) variedad Hass, desde los municipios que indica en el estado de Michoacán, Estados Unidos de México
G/SPS/N/CHL/712 Se establece medida provisional que modifica la Resolución 4.634 de 2004 en forma transitoria, en el sentido estricto de no hacer exigibles las supervisiones in situ y permanentes, realizadas por parte del SAG, al proceso exportador de frutos frescos de palto (*Persea americana*), variedad Hass, para consumo, producidos en los municipios de Uruapan, Salvador Escalante, Peribán de Ramos, Tancítaro, Nuevo Parangaricutiro (San Juan), Ario de Rosales y Taretan, del Estado de Michoacán, México. Esta medida provisional, contempla la realización de supervisiones sólo en momentos específicos determinados por SAG, de acuerdo a las proyecciones de exportaciones que SENASICA comunique al SAG,

y a los incumplimientos que se presenten en la temporada. Esta modificación transitoria será aplicable para la temporada 2021-2022, o para las siguientes si la emergencia sanitaria por la COVID-19, u otro imprevisto no posible de controlar, sigue imposibilitando las supervisiones presenciales permanentes, por parte del SAG, al proceso exportador en México. El resto de los lineamientos especificados en la Resolución 4.634 de 2004, y su Plan de Trabajo asociado, no son modificados por la presente regulación, por lo que siguen vigentes. Para mayor detalle revisar el documento adjunto a esta notificación.
